IE browser policy

23. Problem: (use additional Sheets if necessary)
EMD has a commitment to test custom, web-accessible ECS code using the latest Netscape, Mozilla, and IE browsers. Mozilla's Firefox product has been released and its use is becoming widespread. Later versions of Mozilla's 1.7.x browser are also available now.

24. Proposed Solution: (use additional sheets if necessary)
Install Firefox and the latest versions of Mozilla and IE on our 3 WinXP machines: f0tep02, p0tep04, and t1tep01. The software is freeware; no licenses are required.

25. Alternate Solution: (use additional sheets if necessary)

26. Consequences if Change(s) are not approved: (use additional sheets if necessary)
Can't test using today's most recent version of Mozilla.
